Description

The dominant feature of the Prisma collection is an extravagant metal fixture with a distinctive finish. Classic handblown glass spheres are anchored to either one or both ends of a robust decagonal metal prism that lends the collection its name. The shape in combination with the striking surface reflect light at different and unexpected angles, like a prism. With a choice of three different elegant finishes – brushed steel, galvanized yellow zinc gloss, or galvanized yellow zinc matte – the light is a bold artistic object in the interior offering unique vertical, horizontal, and diagonal compositions with subtle colourful reflections. The collection consists of a horizontal pendent light with two dual glass spheres and a vertical pendent light with a single glass sphere, both of which hang from wire ropes. Another typological variant is an impressive floor light, a majestic light sculpture in the form of a robust upright decagon topped with a luminous glass sphere.

Tech. description

The light comprises a metal fixture with base, an LED module, triplex opal glass diffuser, and glass shade. The shade is fitted with a braided textile power cord.

CONSTRUCTION SPECIFICATION

Weight: 6.5 kg
Construction material: glass, metal
Cord length [mm]: 2,200 mm
Mounting: Floor
Environment: Indoor

DIMENSIONS [mm]

ELECTRICAL SPECIFICATION

Input voltage [V]: 100 - 240 V
Frequency [Hz]: 50-60 Hz
Max. power [W]: 6 W
Coverage IP: 20
Socket: LED module
Light source: -
Energy class: E
