Description

Trottola is a new collection of suspension and table lights whose shape elicits memories of a popular childhood toy – the spinning top. The aesthetics of the design are carried on an enchanting luminance that passes through an opal diffuser and opaline glass to reveal a playful contrast of shadows and light.

Tech. description

The pendant comprises a dural fixture with LED module, a fixture cover, and a glass shade attached to the fixture with three set screws. The pendant is hung from a wire rope anchored within a ceiling canopy, which also houses the electronics. There is a simple mechanism in the upper part of the fixture for levelling the light after installation.
