

BEAT FLAT PENDANT LED

Bearing the mark of its maker, Beat is a celebration of the handmade. Inspired by the sculptural simplicity of traditional Indian water vessels, Beat is a family of hand-spun, welded and beaten lights with shades that retain hammer marks from their forming. Crafted by artisans in Northern India, the creation of Beat is part of an ancient process that takes four days to complete.

UNBEATEN FLAT PENDANT LED

The Beat lights marked one of our earliest successes, featuring hand-hammered brass and an unexpected blend of craft detailing. Fast forward 20 years, and despite their enduring popularity, they have become one of the most widely imitated products. Determined to combat these imitations, we embarked on a novel initiative. Introducing Unbeaten, made by skilled artisans in the same factory in India as our much-loved Beat collection, using premium recycled aluminium.
