

Fork
Model Fork

Just like when you turn on a lamp inside a camping tent, the light inside the diffuser highlights the patchwork structure and enhances the texture of the canvas with visible stitching as in jeans.

The linen cotton diffuser, available in ivory and gray, creates a warm and soft lighting effect. 360° adjustable thanks to the gunmetal colored brass eyelets in strong material contrast with the softness of the fabric, the diffuser allows the light beam to be directed at will.

Fork	Light source	Structure: Metal	Diffuser: Cotton-linen	Code
	LED E14 1 max 15 W (W / L Max 90 mm)	 Ivory	 Ivory	50580 5400
		 Ivory	 Gray	50580 2600
		 Anthracite	 Ivory	50580 5300
		 Anthracite	 Gray	50580 2500
