suspension lamp circle    wall circle    suspension up-down    leaning floor lamp

Cover interior design: 2ndskin\_architecture - architect Sien Huygen  
Photography: Rhode Van Elsen

## framed

The Framed collection, designed by Jacco Maris, is a collection of basic geometric shapes made of hot rolled steel profiles. The lighting system is integrated in the steel frame. The light lines displayed by this design emphasize the interior architecture in an unique way. They create a light spectacle against wall, ceiling, floor or table. The robust steel frame gives this collection a high functionality and multiple possibilities in terms of shape and scale.

Photography: Dré Wouters  
Architect: Bob Manders

# framed

suspension lamp circle (suitable as up light or down light)
