

# Mayfair mini

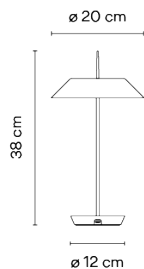

VIBIA

5495

Design By Diego Fortunato

Portable version powered by a rechargeable battery. This can be moved exactly where needed, indoors or out. A push button in the base turns it on and off and controls dimming.

VIBIA

5496

Design By Diego Fortunato

Base version. The bolted format is fixed in one position and meant to integrate with the surrounding architecture. It is ideal for commercial spaces such as hotels, where it can illuminate specific spots that a designer selects in a lounge area, for instance, or in libraries where it can be used as reading lamps on communal tables.
