MELT MINI CHANDELIER OPAL LED

A decade on and the magical qualities of Melt have not dissipated. We have created something timeless, but we've noticed that not everyone can fit huge chandeliers in their interiors, so we've made a mini version – a contemporary and more compact light suitable for the new modern city context. Melt Mini Chandelier includes 4 x Melt Mini shades in a new tinted white opalescent finish. By retaining Melt's organic form, we have created an opal version, which boosts its luminosity.
