

PH 5 ANNIVERSARY EDITION

The fixture provides a comfortable, glare-free light, based on the principle of Poul Henningsen's reflective three-shade system, which directs the majority of the light downwards. It emits a lateral light as well as illuminating itself, providing a soft radiance from within its core. The lower shade is furthermore fitted with a frosted diffuser glass to ensure that the downward directed light is 100% glare-free.

Poul Henningsen

Poul Henningsen was born in Copenhagen by the famous Danish writer Agnes Henningsen. He never graduated as an architect, but studied at The Technical School at Frederiksberg, Denmark from 1911-14, and then at Technical College in Copenhagen from 1914-17.

Product info

Environmental Product Specification

This product is compliant with the requirements contained in the European Directives, RoHS Directive 2011/65 and 2015/863. This product is designed so that 100% of the product can be disassembled and reused.

Information

Please note that the brass surface is untreated. This means that the surface will change over time and develop a patina. This process may have already begun when the product is delivered.
