

PH 5 OPAL

The fixture provides a comfortable, glare-free light, based on the principle of Poul Henningsen's reflective three-shade system. It emits a lateral light as well as illuminating itself, providing a soft radiance from within its core. The opal shade fixtures combine the glare-free, downward-directed light with a soft, diffused, ambient illumination from the translucent opal shades that creates an omnidirectional, uniform brightness with a larger area coverage.

Poul Henningsen

Poul Henningsen was born in Copenhagen by the famous Danish writer Agnes Henningsen. He never graduated as an architect, but studied at The Technical School at Frederiksberg, Denmark from 1911-14, and then at Technical College in Copenhagen from 1914-17.

Product info

Mounting

3 m. Textile cord.
 Canopy included.

Finish

Glossy opal shades in White, Pale Rose, Pale Blue, and Beige with white inner side.

Materials

Shades and anti-glare disc: Acrylic (PMMA).
 Spacers: Polycarbonate.
 Socket holder: Aluminium.

Sizes and weights

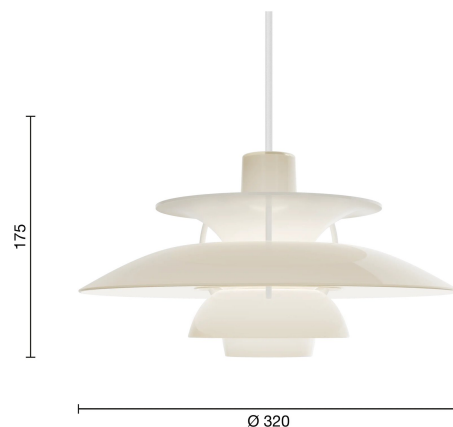

width x Height x Length (mm) | 320 x 173 x 320 Max 1.8 kg

Class

Ingress protection IP20. Electric shock protection II w/o ground.

Light source

1xE14
