

Originally designed for Santa & Cole's urban lighting catalogue and now produced by the subsidiary Urbidermis, Arne Domus is the domestic version of the traditional industrial spotlight, made according to 21st century standards. Sturdy and very efficient, it is perfectly adequate to its function. Its high resistance makes it suitable for both indoor and outdoor spaces.

Made from an aluminium body, a unique circular plate covered by an opaline diffuser hosts the LED light source. The lamp features sleek lines, geometric-inspired, and an exquisite light that makes visible the most subtle hues. Simple and colourful, it is a modest tribute to the spirit of Scandinavian design.

General description:

Matte aluminium injection structure with 3 colour options: S&C white, aluminium grey and dark green. Acid-etched and tempered glass diffusor. Circular metal canopy with power supply incorporated. Suitable for indoor and outdoor use (CE market). Electric cable length: 4 m / 157.5" Suitable for Junction Box (UL market).

Approximate weight (unpacked):

6,2 kg / 13.6 lb

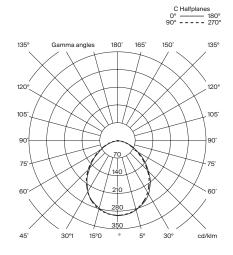

Technical information:

Light source included (dimmable). COB LEDs module

Rated input wattage: 33 W Operating current: 700 mA Colour Temp.: 2.700 K CRI: 90 Lifetime: 40.000 h Luminous flux: 1.972 Im

Built-in adjustable LED. Suitable for dimming 1-10V. (Not included external dimmer switch 1-10V). Energy efficiency class (E.E.C): A⁺⁺... A. Suitable for indoor and outdoor use (CE market)

Input voltage: 90 ~ 305 Vac. (50 Hz / 60 Hz). According to destinatio
