## DESCRIPTION

This outdoor collection expresses a combination between a sprouting plant and a guiding light. The oblique light head pushes up and stretches the vertical stem just like a bean sprout. The design conveys 2 dimensions that make the piece nearly disappear in some angles and provide solid support in others. The outer shell, of varying heights, wraps around the lighting head to hold it in place. The slightly downward angle projects the LED light via the high-performance reflector and prevents glare while defining a quiet light zone. The floor and wall-mounted versions are part of the collection and provide a comprehensive solution to all needs of outdoor space, both private and public. The vertical part comes in different heights to adjust to projects and provide a solid structure.

## FEATURES

- Product Code: **T086020**
- Colour: **White**
- Installation: **Wall**
- Material: **Aluminum**
- Series: **Architectural Outdoor**
- design by: **Arik Levy**

## DIMENSIONS

- Height: **180 mm**
- Diameter: **100 mm**
- Weight: **kg 2**

## SOURCES INCLUDED

- Category: **Led**
- Number: **1**
- Watt: **20W**
- Color temperature (K): **3000K**

# Oblique Wall - Anthracite gray
